OPENING HOURS

OPEN 5 DAYS

Monday to Friday - 9.00 am to 6.00 pm (on call until 9.00pm)

Weekends & Public Holidays Closed

www.advantagehealthpoint.com.au

AFTER HOURS ARRANGEMENTS

The Practice provides the best care possible for patients inside working hours, however, should you need medical attention outside of clinic hours you will need to attend the Bairnsdale Regional Hospital (Phone: 51503333).

Our recorded after hours message at the clinic will inform you of these alternatives.

APPOINTMENTS

We prefer patients to make appointments wherever possible. Patients with appointments will naturally be given priority over casual callers. In cases of **emergency or urgent medical care**, patients will be seen immediately. In the case of an acute illness, particularly a child, please let the receptionist know.

Please inform the receptionists if you require a long consultation when making an appointment, this can be arranged.

PATIENT CONFIDENTIALITY/ PATIENT HEALTH INFORMATION

All patient information is confidential. Advantage HealthPoint has strict guidelines to ensure that your medical record is a confidential document. It is the policy of this practice to maintain the security of personal health information at all times and to ensure that this information is only available to authorised staff. If you require access to your medical information, or for you wish for a transfer, we require your written authority and a fee may be charged.

HOME AND HOSPITAL VISITS

Home visits are available for regular patients of the practice who are too ill to come to the surgery, or in the case of emergency. Please ring as early as possible if required.

FEES

We are a private billing clinic and require payment of the account on the day of consultation. Fees are payable by cash, cheque, EFTPOS, Bankcard, MasterCard or Visa. We are able to process on the spot Medicare rebates to patients who have their bank details registered with Medicare.

Please remember to bring your Medicare card to ensure that they are still valid. A schedule of fees is on display in the waiting room, on the website or can be requested if required. Please speak to reception staff if you have any questions.

Accounts for WorkCover and TAC related matters will need to be paid for by the patient on the day of consultation. Depending on the reimbursement from WorkCover or TAC, there may be an out-of-pocket expense. Any reimbursements that you are eligible for from WorkCover or TAC will need to be paid directly to you.

Home Visits will attract an out of pocket expense for all patients.

If our fees cause undue hardship please discuss this with your Doctor.

CARE FOR NON-ENGLISH SPEAKING PATIENTS OR PATIENTS UNABLE TO UNDERSTAND OUR PRACTICE INFORMATION SHEET

If you or your family members face barriers to understanding our practice information sheet please let our reception staff know and help will be offered.

A free interpreter service is available on the day of your consultation, but it is helpful to book in advance. Please inform the receptionist if you require an interpreter for your consultation.

REPEAT PRESCRIPTIONS

It is in your best interest to see a doctor for repeat scripts. If, however, you are on a regular medication, you may request a repeat prescription for a fee of \$20. These can be ordered at the clinic, or alternatively on-line via our website. Practitioners reserve the right to request you come in for an appointment if they feel that it is in your best interests to do so.

DRUG POLICY

It is the general policy of this practice not to prescribe any drugs of dependence unless it is clinically indicated and in the best interest of the patient.

TELEPHONING YOUR DOCTOR

The doctors may, on the rare occasion, return phone calls relating to you or your family's health. However, please understand that in most cases Doctors prefer you to come in person to see them. Patients are encouraged to leave a message with reception indicating what the problem is and your contact details. If the matter is urgent please advise reception staff immediately.

MINOR PROCEDURES

Removal of skin cancers and other suspicious spots, freezing of warts, treatment of ingrown toenails and other minor surgery as well as setting and plastering of fractures is available. An additional fee will be billed for all procedures which require the use of the treatment room and sterile instruments, this fee is not covered by Medicare.

REMINDER LETTERS

Please note that Advantage HealthPoint may send out reminder letters or Secure message notifications (SMN) to patients as reminders for procedures such as Pap smear tests and flu vaccines. Please advise our admin staff or your doctor know if you would rather not be contacted.

TEST RESULTS

Will not be given over the phone, however if your results are abnormal someone will contact you to make an appointment for a review. If you would like to discuss your results with the doctor you will need to make an appointment.

CHILDHOOD IMMUNISATION

All routine government funded vaccinations are available and provided free of charge.

TRAVEL MEDICINES and IMMUNISATION

Most common travel vaccines are available from a Pharmacy. Please discuss travel plans 4-6 weeks before departure to ensure that you and your Doctor can plan your vaccinations appropriately.

OTHER SERVICES AVAILABLE AT ADVANTAGE HEALTHPOINT

We are proud to offer the following services: same day appointments, on-site pathology collection, skin checks, health checks and paediatric medicine.

MEDICAL STAFF
